

# Fundraise like a *pro*

## Cycle it Forward: The Thankful Tour

If you couldn't ride with us in October, we have a fun opportunity for you to still join us in pedaling your feet to support young women with breast cancer. This November, we invite you to join us to **Cycle it Forward by riding 200 miles during the month of November on your own time.** Here's how it works:

- [Sign up for free](#)
  - Click the registration link above
  - Step 1: Fill in your contact information
  - Step 2: Choose **Virtual Rider**
- Join our Tour de Pink [Strava Group](#) and log your miles in November up to your goal of 200 miles - those may be outside on your local roads and bike paths, or inside on a stationary bike or trainer - whatever works for you!
- Make your own fundraising goal and share your page with your community. Maybe you will ask for \$1 for every mile you ride, or simply ask others to join you in cycling it forward this November to show your thanks for the YSC mission.
- To show *our* thanks of your support, we will send you [fun YSC gear](#) based on your fundraising level.

Share your link to your fundraising page on Facebook or Twitter and encourage others to join [Team Cycle it Forward](#).
